

NORTH FORK LAND USE ADVISORY COMMITTEE  
MEETING JANUARY 17, 2019

The meeting was called to order by Chairperson Randy Kenyon.

Members Present: Randy Kenyon, Debo Powers, Irv Heitz, Lynn Ogle, Bill Walker, and Larry Wilson. Not present: Rachel Peura  
Also attending: Karina Pettey.

Minutes of the previous meeting October 14, 2018 were approved as read.

Irv Heitz requested background information on our committee. Larry Wilson gave a report on the history of North Fork planning.

Rental cabins are a growing problem, and some are concerned about casinos coming into the community.

By consensus this committee has decided to draft a list of actions rental cabin owners should take to inform their renters to ensure their safety and recognize community values, especially as regards to wildlife security. Chairperson Randy Kenyon will then report to both the North Fork Landowners Association and the North Fork Preservation Association to assess community concerns.

Recorded by Larry Wilson
